

WM. E. CHAPMAN WAS CRUSHED TO DEATH

A HUGE TREE, WEAKENED BY THE GREAT STORM, FELL UPON HIM AS HE WAS DRIVING BY.

The mighty storm which passed over Preston, Conn., in the middle of last week brought indirectly a terrible death upon William E. Chapman, the well-known president of the Chapman Wrecking Company. On the morning after the storm, Thursday, Mr. Chapman started to drive from his summer home at Preston to the railway station. He was accompanied by his eldest son, Isaac E. Chapman, in their light wagon. When about half way between their house and the station a large tree that had been weakened by the hurricane of the preceding night toppled over the road, just at the moment when the wagon passed its base. The tree fell directly on the wagon and its occupants, crushing them to the ground. The frightened horses made one bound and freed themselves. Then they started at a furious pace up the road toward the station, where they arrived in an exhausted condition, covered with foam.

The ailing passengers, who knew by the horse's appearance that some accident must have happened to a member of the Chapman family, immediately sent searchers in the direction whence the horses had come in their mad flight. The searching party were appalled by the discovery of the wrecked wagon, in which the elder Mr. Chapman was found, pinned to the earth by the trunk of the fallen tree. He was covered with blood, which flowed from a ghastly wound in his head. A splinter had punctured the skull and apparently had penetrated his brain. Near at hand lay his son. They had been held there in their agony for nearly an hour before help had arrived. Notwithstanding his apparent desperate condition, the elder Mr. Chapman still breathed. Both sufferers were removed as speedily as possible to their home, where the best medical aid was immediately brought. William E. Chapman died in a few hours. His son was found not to be seriously injured, although suffering severely from the great nervous shock.

The funeral of Mr. Chapman was held at the family home, No. 104 Taylor-st., Brooklyn, Sunday evening, and was largely attended. The burial took place yesterday morning. The pall-bearers were from the officers of the Chapman Company and captains of the fleet. They were G. F. Snyder, A. M. Smith, W. T. Leathridge, and Captains L. L. Seelye, George Earl, Frederick A. Kennedy, and Thomas T. Quackenbush.

Mr. Chapman leaves a widow and three sons, Isaac E. Chapman, W. L. Chapman and A. Nelson Chapman, and a daughter, Mrs. Edward Buchanan. Mr. Chapman left a large interest in all church affairs, and the leading members of the First Baptist Church of Brooklyn. He contributed largely to the city missions connected with that church. In his early life he was connected with the New York City Missions, and for the last seventeen years he had devoted himself to the recovery of vessels and other property lost at sea. He was sixty-one years old.

THE NORTH WOODS ARE POPULAR

ELIZABETHTOWN HOTELS ARE CROWDED WITH VISITORS FROM NEW-YORK AND ELSEWHERE.

Elizabethtown, N. Y., Aug. 28 (Special).—The season is rapidly drawing to a close and families are preparing to return to their homes to set the household machinery again in motion, and be in readiness for the opening of the schools. Thus, more than any other one reason, drives a large proportion of summer visitors to their city homes. This fall many summer landlords will close their houses with sad hearts, empty pocketbooks, over-drawn bank accounts, and a large indebtedness which it is impossible for them to meet. Fortunately some exceptions are exceptions to this state of things, and the Adirondack Mountains have been so to a marked degree, as the travel to these delightful health-giving resorts, which has increased steadily for the last ten years, has not received the check which many times hotel proprietors feared. Most of the houses have been well filled during July and August, some of them crowded.

Elizabethtown is especially fortunate in having enjoyed a season well up to its average, and the bonfires here are to be congratulated on the fact that their season is longer than at most other resorts, many of the guests remaining through September, and a considerable number arriving to spend a few weeks of the early fall enjoying the beautiful walks and superb drives which are a prominent feature of life at this charming mountain village. The perfect dryness and purity of the air, so beneficial in all afflictions of the throat and so exhilarating to those worn out by cares and perplexities of society and business, are the great charm of this favored spot.

At the Windsor, the largest hotel in the place, a delightful musical entertainment was recently given by guests of the house and others for the benefit of the local Sunday-School Association, and a handsome amount was realized. Miss Marie Noble, of Elizabethtown, made her first appearance in public, and captivated all hearers with her sweet soprano voice, responding gracefully to a most emphatic encore. William F. Tooker, of New-York, a tenor, was repeatedly recalled, and won hosts of friends. When Orlando Kellogg first opened his modest little Windsor years ago, he did not look for the success which has rewarded his efforts, and never expected that it would be necessary to enlarge the house three times to meet the demands on his hospitality. The Windsor, with its cottages, now has accommodations for over 200 guests, and is always sure of a liberal patronage.

The proprietors of the Mansion House a few days ago gave a dance, extending invitations to guests of all the hotels, which were gladly accepted, and a most enjoyable evening was the result. Elizabethtown boasts of a cozy little public library which keeps pace with the times in the addition of new publications of merit, and is generously placed at the disposal of summer visitors.

The guests of the Maplewood Inn, grateful for their favors, arranged for Friday evening an exceedingly pleasing entertainment, the first part of which consisted of a number of musical selections. A piano solo by Miss Hand, of Elizabethtown, was given, as well as solos by Miss Smith and Miss Wadhams. Mr. Wadhams, a tenor, and George Boynton, of New-York, also sang. The last of the entertainment was a representation of Mrs. Jarley's wax figures, under the direction of Mr. Stewart. A collection taken at the close of the performance made a substantial addition to the library treasury.

Among recent arrivals at the Windsor are Mrs. E. S. Chapman and Miss Chapman, Washington; Mr. and Mrs. F. Eames, Miss Ethel Eames, Dr. and Mrs. A. C. Callin, and Mrs. W. G. Woodward, Brooklyn; Mrs. G. A. Breaux, New-Orleans; Mrs. Andrew Simonds, Charleston; Chief Justice Sir Francis Johnson and Miss Johnson, Montreal; Mr. and Mrs. C. A. Hand, the Misses Hand, Mr. and Mrs. Charles N. Morgan, George E. Morgan, Mr. and Mrs. William J. Tooker, C. A. Vermilyea, Mr. and Mrs. John T. Way, Miss E. M. Way, Mr. and Mrs. D. H. Cobb, New-York; Mr. and Mrs. G. M. Street and the Misses Streetner, Philadelphia; Mrs. Benjamin J. Brown, Mrs. W. A. Conselyea, Mr. and Mrs. R. W. McKee, Miss Ella McKey, Henry B. McKey, Brooklyn; the Rev. and Mrs. Charles R. Gregor, New-York; Miss Blanding and Miss Mann, Brooklyn; the Misses Lewis, Philadelphia; Mr. and Mrs. Alfred Sims, Brooklyn; Mr. and Mrs. W. P. Clyde, New-York.

At the Mansfield Inn the register shows: G. A. Powell, Brooklyn; Henry M. Baird, Jr., Yale; John T. Way, Mayor; Mrs. C. A. Hough, Frank A. Meyer, Brooklyn; F. W. Freeborn, Boston; W. H. Fleming, New-York; D. W. Hains, Washington; E. L. Dexter, G. W. Moore, P. N. Morris, Boston; A. G. Nichols, M. H. Morrison, Mr. and Mrs. F. Denton, Miss Lotta Smith, Miss Warren,

Scientists May Differ

As to the causes of rheumatism, but there is no difference of opinion among them as to the danger which attends it, the symptom by which it manifests itself, and the difficulty of diagnosing it in its chronic stage. Several general and vegetable poisons are prescribed for it, but none of these has been shown by experience to possess the same efficacy as Hostetter's Stomach Bitters. This benign specific depurates the blood by promoting vigorous action of the kidneys, which strain from the blood, as it passes through them the rheumatic virus when it exists in the system. Physicians of eminence testify to the value of the Bitters in rheumatism, and the professional opinions regarding it are borne out and corroborated by ample popular evidence. The Bitters remedy chills and fever, liver complaint, dyspepsia and constipation.
